

UV-CLEAN

Improve your infection control regimen without losing focus on patient care.

UV-CLEAN is your ultimate guard against the spread of infection, quickly and efficiently eliminating pathogens on high-touch surfaces in your workspace. This automated, chemical-free disinfecting technology is a strong line of defense against the spread of infectious microorganisms, making it a must-have for any clinical environment.

Features

- Ideal for keyboards, monitors, smaller medical equipment, and mobile devices
- Optimizes day-to-day workflow with a convenient means of ultraviolet disinfection
- Motion activated for the safe deployment of low dose UV-C light
- Automated and customizable cleaning cycles
- Flexible workspace configurations
- Requires minimal assembly and is easy to use
- Affordable, scalable investment
